Subject: Please end the abuse!

To Whom it may concern,

It's time to move on and end the ridiculous law suit against Microsoft one and for all. Bill Gates has done great things for the Personal Computer world and the liberal elite can't stand it. It's time to quit spend taxpayer dollars in an attempt to ruin a company that has been key in economic growth in America. Please stop the litigation's now.

David Hebert

Psalm 119:9-11
